

8 Icebreaker Games For Your Next Virtual Club Meeting

Add a little bit of spice to your next virtual club meeting with a fun, icebreaker game!

1. Would You Rather

- Use these hilarious "Would You Rather" questions or brainstorm your own!

2. Read My Lips

- Select a theme or category (e.g. sports teams, fruit, colors)
- The volunteer or chosen student mutes themselves and then mouths their word.
- Everyone else types their guesses into the chat.

3. Music Trivia

- Play a fragment of a popular song.
- The first student to guess the correct song in the chatbox is the winner!

4. Scavenger Hunt

- Ask each student to select a category (each category is 1 round) to add to the list (e.g. your favorite book).
- Or ask each student to pick 3 items (e.g. record, game controller, headphones) to add to the list.
- Whoever retrieves all of the items first or wins the most rounds is the champion!

5. Directed Drawings (Materials: paper and pencil)

- Share your screen and ask participants to follow along with the directions given by [these Disney animators](#) to create their very own drawings.
- Share your fabulous creations with each other.

6. Wink Assassin

- One student is selected as the Wink Assassin.
- The Wink Assassin sends a private wink emoji message to their chosen victims.
- Recipients of a wink emoji, dramatically act out their death and turn off their cameras.
- The remaining players vote on whom they believe to be the assassin. The player who receives the most votes is out and turns off their camera.
- Keep playing until the Wink Assassin is exposed.

7. Talent Show

- Give your peers a heads up to think of a talent or trick (silly or truly remarkable) that they can perform at your upcoming meeting (e.g. a magic trick, playing an instrument, an impression, a cartwheel, etc.). It's pretty funny and awe-inspiring what folks will come up with.

8. 20 Questions

- The volunteer or selected student silently thinks of a word or object.
- The rest of the group asks 20 yes or no questions to help them correctly guess the word or object.
